

AGENDA*

EMEA Intel® AI DevCon 2019
January 23, 2019 | ICM

08:30 - 10:00 Registration & Breakfast

10:00 - 10:15 Opening Remarks

10:15 - 12:00 **KEYNOTE**

Remi El-Ouazzane, Vice President and Chief Operating Officer, AI Products Group, Intel

Intel walk-ins:

Jason Knight, Head of Software Product, AI Products Group, Intel

Cormac Brick, Director of Machine Intelligence, Movidius Group, Intel

Casimir Wierzynski, Senior Director, Artificial Intelligence Products Group, Intel

Industry walk-ins:

Fernando Lucini, Managing Director of AI Practice, Accenture UK

Prof. Kranzlmüller, Chairman of the Board of Directors, LRZ (Leibniz Supercomputing Center)

12:00 - 12:45 Lunch Break & Exhibition

TRACK 1 - BUSINESS TRACK

12:45 – 12:55 **Intel Intro AI Builder Program**
How we work with customers and ecosystem mentioning top examples
Stephen Thorne, Intel

12:55 – 13:25 **AI & Digitalization in Healthcare**
Dr. Thomas Friese, SVP Data Architecture & Digital Platform, Siemens Healthineers

13:25 – 13:50 **How to Operationalize AI for Instant Business Impact with Intel BigDL**
Tal Doron, Director, Solution Architecture GigaSpaces Technologies

13:50 – 14:20 **AI @ CERN Openlab**
Sofia Vallecorsa, CERN Openlab

14:20 – 15:00 **AI: The Heart of Your Digital Business Transformation**
Philip Carnelley, AVP and Leader, European AI Practice, IDC

15:00 – 15:30 Coffee Break & Exhibition

TRACK 2 - DEVELOPER TRACK

12:45 – 13:15 **Getting Deeper into the Intel® AI Software Stack for Developers & Data Scientists**
Jason Knight, Head of Software Product, AI Products Group, Intel

13:15 – 14:00 **Case Study: Deep Learning in Practice – Stereoscopic Style Transfer AI**
Thomas Endres & Martin Förtsch, TNG Technology Consulting

14:00 – 14:30 **Faster Machine Learning with Optimized Frameworks**
Michael Steyer, Senior AI Software Engineer, Intel Software

14:30 – 15:00 **Faster Deep Learning Training with Optimized Frameworks**
Michael Steyer & Vishnu Madhu, AI Software Engineers, Intel Software

TRACK 1 - BUSINESS TRACK		TRACK 2 - DEVELOPER TRACK	
15:30 – 15:50	AWS <i>Julien Simon, Artificial Intelligence & Machine Learning Evangelist for EMEA, AWS</i>	15:30 – 16:00	Conversational AI in Production <i>Nathaniel Kohn, Lead Data Scientist, Lemonade Insurance Company</i>
15:50 – 16:10	C3 <i>Kemal Koeksal, Vice President EMEA, C3</i>	16:00 – 16:20	Deep Learning on Homomorphically Encrypted Data <i>Fabien Boemer, Research Scientist, AI Products Group, Intel</i>
16:10 – 16:30	Practical aspects of the customer journey with AI <i>Martin Hilgeman, EMEA Technical Director, High Performance Computing, Dell</i>	16:20 – 17:00	Develop Multi-Platform Deep Learning and Computer Vision Solutions using the OpenVINO™ toolkit <i>Séverine Habert, Computer Vision Engineer, Intel Software & Karl Neumayer, Technology Specialist FAE, Intel PSG</i>
16:30 – 17:00	H2O <i>Jo-fai (Joe) Chow, Data Science Evangelist & Community Manager EMEA, H2O.ai</i>		
17:00 – 17:45	CLOSING KEYNOTE Look inside the black box – Validation of AI Models <i>Prof. Slusallek, Scientific Director, German Research Center for Artificial Intelligence (DFKI)</i>		
18:00 – 21:00	Get-Together and AI & IOT Exhibition
